WANGEN

TWIN NG

FEATURES

- Twin screw pump
- "Coreless" screw for ideal pre-delivery
- Feed unit for the gentle pumping of high-viscosity, non-free-flowing media

WANGEN

KL-RF

FEATURES

- Twin screw pump
- High suction lift, low-pulsation, reversible pumping direction, wide viscosity range, can run dry
- A wide range of media can be pumped

WANGEN

KL-RL

FEATURES

- Hopper feed pump
- Capable of heated or cooled operation
- Long service life, gentle pumping

**WE PUMP
ALL YOUR FEED
MEDIA!**
Food, cosmetics & chemicals

The optimum pumping solution for every medium.

- OUR PROMISE
- All kinds of media (lumpy, viscous, shear-sensitive or highly tempered etc.) are pumped to their destination with low pulsation
 - Ease of cleaning and maintenance (Cleaning (CIP) and Sterilisation in Place (SIP))
 - Exacting hygiene standards (EHEDG certification is possible)
 - Spare parts & service
 - Many years of experience and development

WWW.WANGEN.COM

- FEATURES
- Self-priming pump
 - Operates heated or cooled, over long distances and differences in height
 - Low-pulsation, continuous pumping
 - CIP

WANGEN
KB-SL

- FEATURES
- Self-priming pump for the food industry
 - Minimal dead space and stagnation space design
 - Can be adapted with one or two tangentially inclined cleaning connections

- FEATURES
- Progressing cavity pump
 - For demanding, hygienic pumping and metering processes

WANGEN
MX

- FEATURES
- Self-priming pump for high-viscosity to set media with a high solids content
 - With EvenWall® technology
 - Available as an immersion pump

Medium-specific, gentle on the product & reliable.

- FEED MEDIA
- Confectionery products, such as chocolate, marzipan or waffle mixture
 - Dairy products, such as cheese, milk or yoghurt
 - Drinks, including fruit juice, beer or wine
 - Syrup or similar high-viscosity media
 - Meat, for example in the form of sausage meat or meat filling
 - Meat substitute products
 - Fruit, including apples, pears, raspberries
 - Vegetables, such as broccoli, melons or bananas
 - Bakery products, including biscuit mixture, all kinds of leavened dough, wholegrain dough
 - Ice cream, tofu, soya oil, butter etc.
 - Creams, ointments, lotions, soap, shampoo, shower gels
 - Paints, varnishes, adhesives, binding agents, glue
